Dear Mr. Foos:

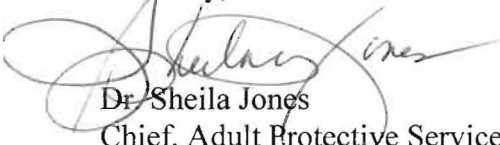

On behalf of Adult Protective Services in the District of Columbia, I want to extend my gratitude for the generous donation provided by Gerina Piazza from your organization. We are most appreciative. Your donation is especially useful as we serve a population of vulnerable and often homeless adults.

Adult Protective Services (APS) is a program designed to investigate allegations and prevent or remedy neglect, abuse, or exploitation of vulnerable adults 18 years of age or older. Adult Protective Services can be, and often is, the difference between life and death across America everyday - in every state, community and notwithstanding the District of Columbia.

Front-line APS workers are the warriors in this battle. In so doing, we frequently discover that persons have severe material needs. Thus your kind donation of linen, comforters, etc. will make several of these residents very happy.

We applaud your organization for lending a helping hand to those who are less fortunate. Many who simply are unable to survive and thrive without the generosity of so many organizations, such as Basic Overnight Quarters. Again, thank you for making possibilities realities. Should you have questions or require clarification, please contact me.

Sincerely,

Dr. Sheila Jones
